ABSTRACT	KEYWORDS
On May 10, 2023, the next annual conference of the Islamic Development Bank started its work in Jeddah, Saudi Arabia. This action every year held from measures be , then basically Islam development to the bank member from the states and other from countries guests , especially international ones and local finance institution and organizations participation they do. From Uzbekistan too commerce banks and another financial organizations representatives this at the event participation reach _ Gladly, ours commerce banks too this at the event reach during (self-customers requirements according to that we think) Islam development bank to the group incoming from organizations funds attraction to do according to contracts to sign.	

Introduction:

In particular , Infin BANK with International Islam trade and finance Corporation (ITFC) 25 million between dollar credit line attraction to do according to contract signed . One up to for a period of time to be given funds legal of individuals trade operations to financing intended.

Also Private _ sector development according to Islam Corporation (ICD) 15 million with dollar two bilaterally documents signed . Funds trade operations financing and equipment buy to get intended . Highlight ITB group of " InfinBANK " . to the composition incoming corporations with efficient cooperation Uzbekistan finance in the market sharia principles suitable bank products has been of demand satisfaction service is doing

This authoritative convention during International islam trade and finance corporation by " Trustbank " - small and medium business in the direction of the most good " partner " . confession done _ This the award Islam development bank chairman Dr. _ Muhammad Solomon Al-Jassir and International islam Trade and finance corporation head performer director Yes Salim Sonbol " Trustbank " private shareholding bank Management Chairman To S. Normukhamedov handed over

Information in place telling transition it's necessary , that's it until then " Trustbank " Private network development according to islam corporation and International trade and finance islam corporation with a total of 64 million US dollars in the amount of 6 agreement signed . They are within in Uzbekistan small and medium business of subjects 54 in total project funded . This projects as a result private in the sector from an additional 1100 more than worker seats created _ In general when and Uzbekistan _

in banks islam religion to the rules suitable bank products the number increased going economy for and customers _ for too happy case _

In our country and in the dune entrepreneurship wide developed our fight can _ Partnership without contracts entrepreneurship imagination come difficult _ The majority Muslim and another nations partnership own in the activity wide they enslave So partnership during profit and loss in distribution serious conflicts come exit , financial problems legal to problems spinning and as a result parties from each other dissatisfied happening , that is this conflicts spiritual problems as manifestation that it is happening often meeting and religious to the scholars often _ appeal that it was done the witness we find

In ancient times our ancestors used economic to the system according to any person to wealth have if , then this wealth for all legal norms first of all in society common interests and his personal interest for prepared to be need _ Society of members ownership rights that's it based on is formed .

Company in his work sides of each other goods betrayal without making a deposit and your religion about work if they see , the Creator himself is a blessing, help given . If Bordi -yu, companions each other deception , betrayal if they do , the Creator help their among up will go

It will be very useful to get information about the Islamic financial instruments mentioned in the tune for the use of financial products of the banks mentioned above.

The partnership agreement is classified according to the following main categories:

Modern of the corporation forms :

- the company ul-inan or company property two or from him more than towards between contractual partnership includes , _ _

to him according to every one participant known count a penny enters and this their every together partnership assets possession verb possibility gives , this on the ground benefit partnership organization verb about to the agreement appropriate , damages while every one of the participant partnership in the capital to pay proportionate distribution condition is done ;

- the company ul-wujuh (obligation based on partnership) two or from him more than towards between of the parties reputation based on , profit get in aqsadi assets into debt buy get for partnership organize reach about agreement in itself reflection to him _ according to the parties determined with interest to the ratio according to parties own obligations perform responsibility responsibilities they get From this except , parties each one partner for in favor of participation reach share and obligation identify to get need , that's it so participation of the parties consent according to the benefit participation from the share come out , big or small towards difference to do possible ;

- the company ul-amal - two or from him more than towards between qualified or high qualified labor to perform circle services show , known one services , high qualified tips to give or goods work release for , also agreed _ percentage to the ratio according to profit distribution for agreement in itself reflection makes _ Partnership this form of capital investment input mean does not hold

Debate of the contract wide scattered and support from the forms one financial partnership contract is considered

Modern corporations and their to many known forms the following includes : _ _

- sharika al- musohama (contribution society); sharika al- musohama (contribution society) negotiable shares equal to to shares distributed to capital have the company in itself reflection makes , in which every one of the contributor responsibility in capital his share with limited will be

- sharika al- tadamun (solidar (umumiy) masuliyatli company);

– ball at -tavsia albasita (commandite sherikchiligi);
- partner at-tavsia bil- ashram (responsibility limited participation company);
- sharika al- muhasa (ordinary partnership);
- partner al- mutanaqis (weak going partnership). Partnership this form the company ul-inan (sides to the account of money etc formed partnership) from the contract came out This financial partnership is a form

Partnership at-tadamun (jointly (generally) responsible company) in itself private partnership the form photo he turns to himself typical has the right (trademark) . register as an established company it gets busy .

Sharika at- tavsia albasita (commandite sherikchilik)

manager and passive (independence limited - B. J.) partners cover received private partnership shape in itself reflection makes _ This is it in partnership manager partners his own personal property with of the company obligations according to subsidiary responsibility undertake takes _ Har of a passive partner obligation to him belongs to has been lots with is limited , but this commitment his personal property app not done . Some of investors responsibility to them alternative payments present not enough restriction possible , such in case the company is a subsidiary liability and limited responsibility undertake received from partners consists of being remains .

Partner at-tavsiya bi- ashram (responsibility limited contribution company) financial partnership shape in itself reflection makes _ Here it is so companies to the action subscription equal to in the thigh shares with manager and passive partners in the presence of done is increased .

Sharika al- muhasa private of the company from the forms one is , partners partnership that it was formed until , har of a potential partner financial situation and obligations according to personal property with answer give get ability they evaluate .

Mushoraka al- mutanaqis (reduced going partnership) - partnership form be , then partners one other partner's the highest his ownership the right the whole in volume to himself passed until very , very slowly buy to get promise gives
